

OSDU[®] Catalog User Guide

The OSDU Catalog allows users to rapidly discover and engage with the wide range of products and solutions available in the OSDU ecosystem. The OSDU Catalog is one of the fastest ways to learn about and get started with the products available on the OSDU Data Platform. It is the single source of all available OSDU Certified platforms, and applications, (AI) services, data sets, and training materials available that utilize OSDU standards.

Contact the OSDU Administrator

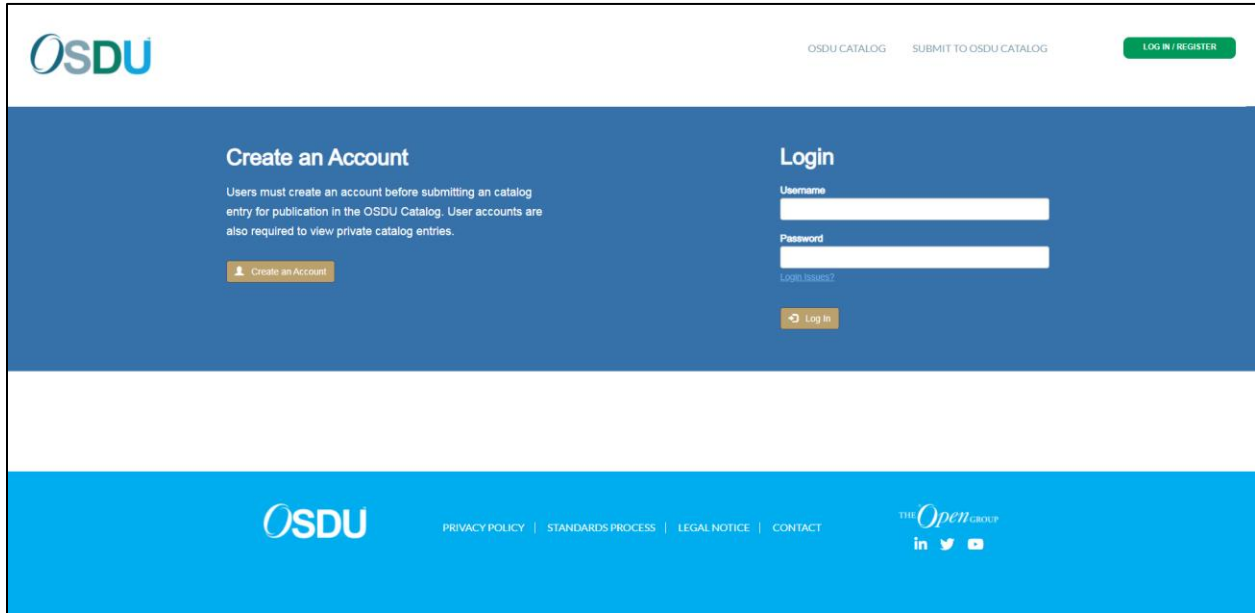

If a user of the OSDU Catalog has an issue and needs to contact the OSDU Catalog Administrator, there is a link provided on the top of the page after the user has logged into the Catalog.

- To Contact the OSDU Catalog Administrator, click on the “Contact Us” link at the top of the page
- Complete the requested fields to send the message to the OSDU Catalog Administrator

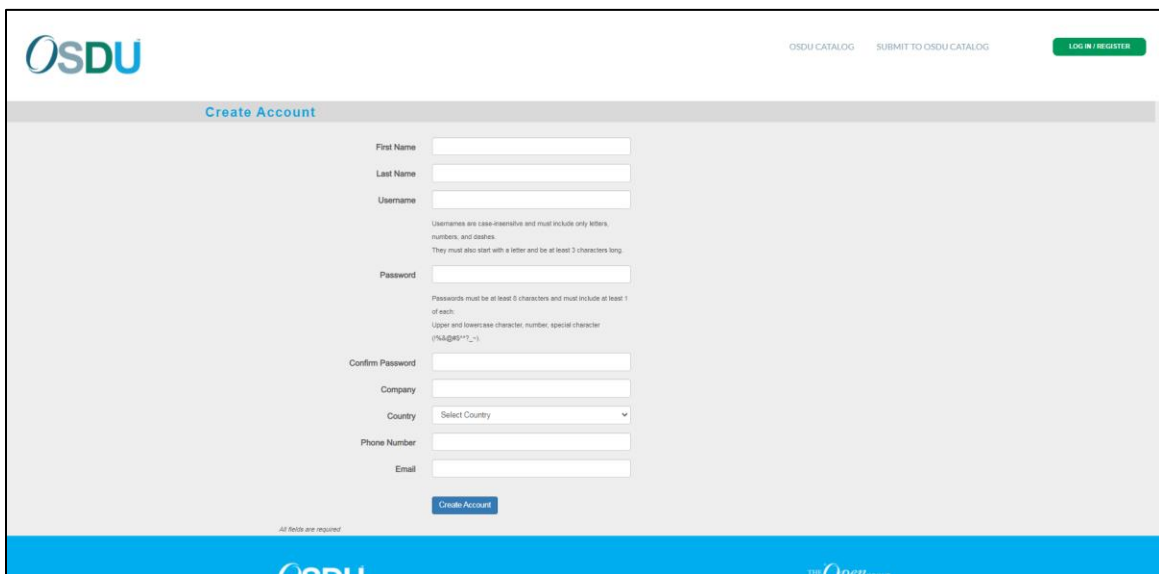

1 Create a User Account

1.1 Register for an account

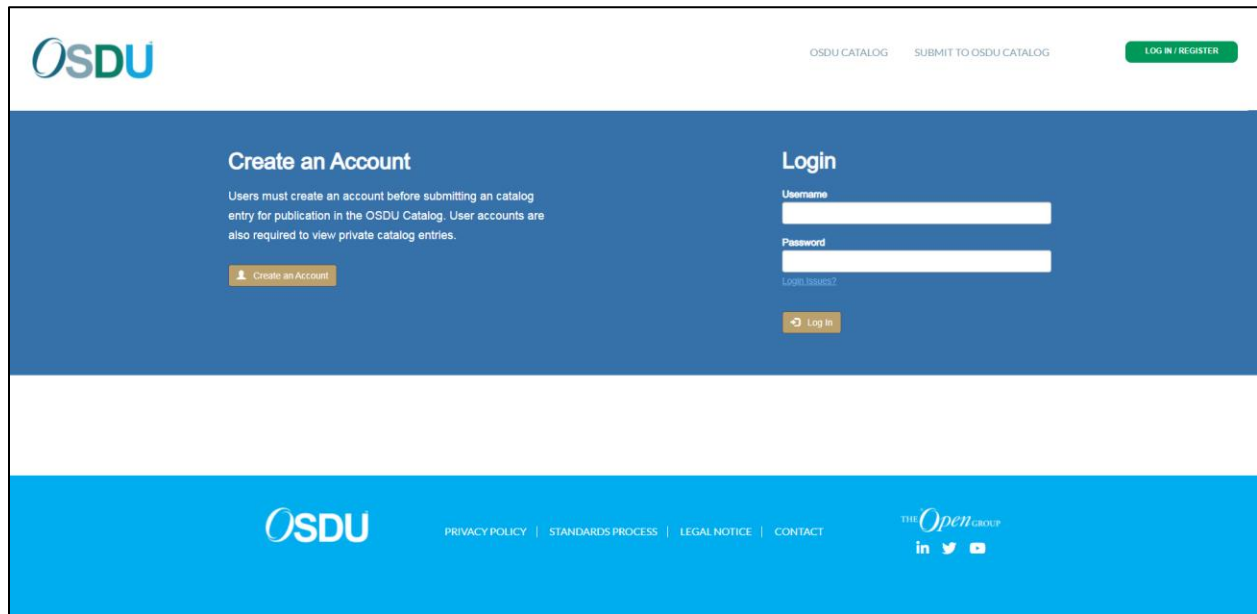

- Log on to <https://catalog.osduforum.org>
- Click on “Create an Account”

1.2 Enter required information

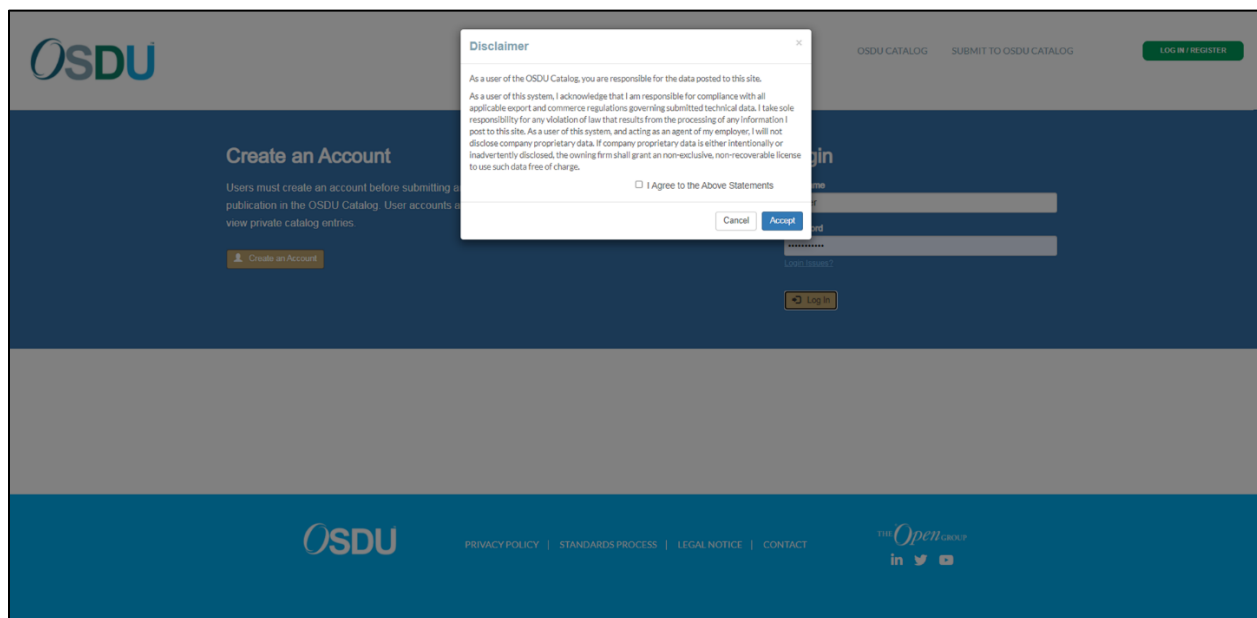

- When all required fields are complete, click the “Create Account” button
- The submitter **will receive an email to verify creation of the account.** Follow the directions in the email to complete account creation.

2 Log In to OSDU Catalog

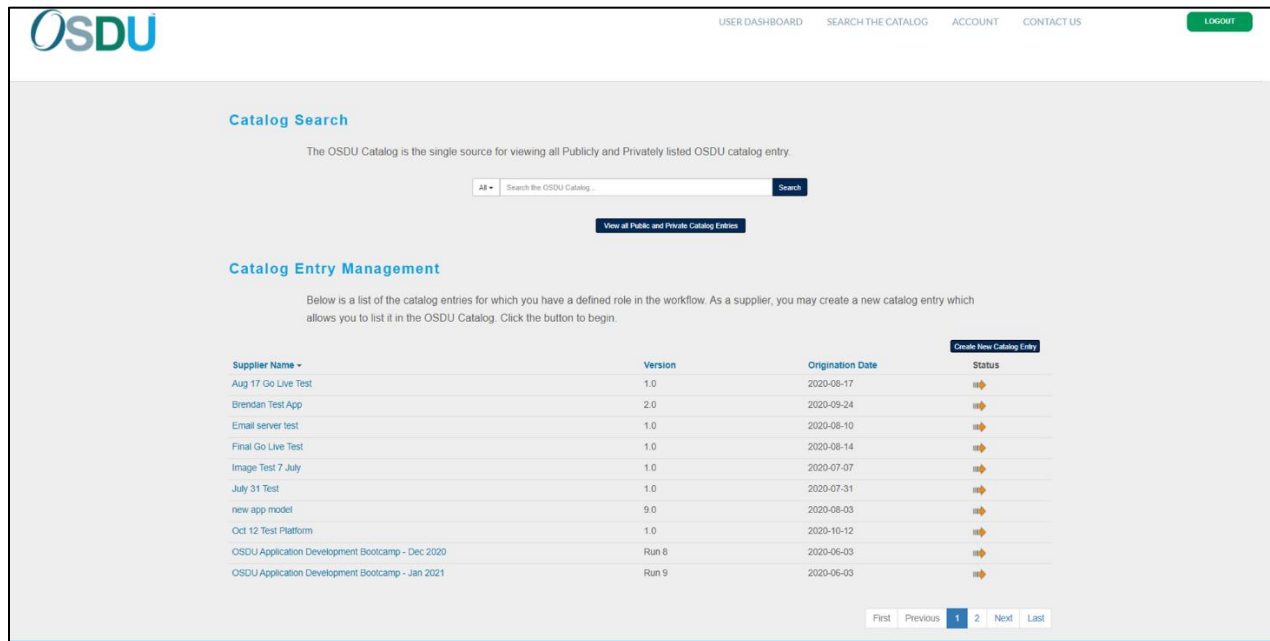

- To Log into the OSDU Catalog, enter the username and password on the login screen

- Each time users log into the OSDU Catalog, they will have to acknowledge the disclaimer. The OSDU Catalog is not able to process any restricted or company proprietary information.

2.1 User Dashboard

The screenshot shows the OSDU User Dashboard. At the top, there is a navigation bar with the OSDU logo on the left and links for 'USER DASHBOARD', 'SEARCH THE CATALOG', 'ACCOUNT', 'CONTACT US', and a 'LOGOUT' button on the right. The main content area is divided into two sections:

Catalog Search
 The OSDU Catalog is the single source for viewing all Publicly and Privately listed OSDU catalog entry.

Below this is a search bar with a dropdown menu set to 'All' and a 'Search' button. A button labeled 'View all Public and Private Catalog Entries' is positioned below the search bar.

Catalog Entry Management
 Below is a list of the catalog entries for which you have a defined role in the workflow. As a supplier, you may create a new catalog entry which allows you to list it in the OSDU Catalog. Click the button to begin.

A table lists the catalog entries with columns for Supplier Name, Version, Origination Date, and Status. A 'Create New Catalog Entry' button is located at the top right of the table.

Supplier Name -	Version	Origination Date	Status
Aug 17 Go Live Test	1.0	2020-06-17	🔴
Brendan Test App	2.0	2020-09-24	🟡
Email server test	1.0	2020-06-10	🟡
Final Go Live Test	1.0	2020-08-14	🟡
Image Test 7 July	1.0	2020-07-07	🟡
July 31 Test	1.0	2020-07-31	🟡
new app model	9.0	2020-06-03	🟡
Oct 12 Test Platform	1.0	2020-10-12	🟡
OSDU Application Development Bootcamp - Dec 2020	Run 8	2020-06-03	🟡
OSDU Application Development Bootcamp - Jan 2021	Run 9	2020-06-03	🟡

At the bottom right of the table, there is a pagination control with buttons for 'First', 'Previous', '1', '2', 'Next', and 'Last'.

- After creation of the user account, the user will view their dashboard.
- From the dashboard, users can:
 - View the OSDU Catalog
 - Create a new entry in the OSDU Catalog
 - See the status of all their entries

3 Create a New Catalog Entry

Catalog Search

The OSDU Catalog is the single source for viewing all Publicly and Privately listed OSDU catalog entry.

Search the OSDU Catalog
